

Dear Parents and Caregivers,

Re: Introducing the St. Columba's Outreach Program.

St. Columba's is in the process of instituting a **Pastoral Outreach Program** to support members of the school community through a crisis, illness and such like or during a time of need. It will take the form of pastoral meals.

Confidentiality will be a high priority with the school's Principal, Mrs Delma Horan Student Care Co-ordinator Mrs Sherry Lappan and Counsellor Mrs Maggie Trevena, being the liaison personnel, with parent, Cath Newton, co-ordinating with those providing the meals.

This initiative welcomes the involvement of parents, grandparents, teachers and others who can **provide nutritious homemade family meals for 4-6 people**, which can be frozen in foil containers, labelled with ingredients, dated then stored at the school for distribution when a need arises.

For those able to provide such a meal every now and then, please register your details below or online. "Outreach Program" stcolumbasparentliaison@parra.catholic.edu.au
A personal call will follow to finalise details.

Yours in Partnership,
Cath Newton.
